

Colin Singh Dhillon is the Chief Technical Officer at Canada's Automotive Parts Manufacturer's Association, and a globally recognised Thought Leader. He is leading connected and autonomous vehicle technology projects and providing support to both the Canadian automotive industry and multiple levels of Government on matters of vehicles, industry and infrastructure of the future initiatives.

With over two decades of experience in the automotive industry, Colin has been a visionary in establishing and implementing new ideas to support innovative design. His prior responsibilities for a global tier 1 parts manufacturer included being the lead in Design, Marketing & Communication, Corporate Social Responsibility, and leading the global Advanced Product Development (R&D) teams.
