

The ITS Canada 2021 Distinguished Member of the Year Award recipient is Geoff Knapp, WSP.

Geoff Knapp, P.Eng (ON & BC) has been an active member of ITS Canada for decades bringing more than 22 years of ITS experience. Geoff is known in the ITS community as 'Mr. Architecture' as a result of his involvement in the development and updates of the Canadian ITS Architecture since it's inception in 2000. Geoff has also been instrumental in supporting connected

and automated vehicle initiatives in the public sector.

Geoff gives back to the community in a number of volunteer roles. As a voting member of the CSA CAV Advisory Committee, as part of the Transportation Association of Canada's CAV Task Force and Technology Council and Geoff, along with his co-chair Lindsay Wiginton, established ITS Canada's Connected, Electric and Automated Shuttle Technical Committee. Geoff also supports the career development of junior team members by sharing practical expertise and knowledge, sage advice and his excellent sense of humour. He is never busy to provide support and is very approachable. He goes above and beyond to ensure that work is delivered to the highest calibre.

Geoff is married and a wonderful dad!

Congratulations Geoff!
