

# ITS Transit Workshop

## ITS Applications for Improving Transit Operations

To be held directly following CUTA's Fall Conference  
Thursday, November 24, 2005

Fairmont Waterfront Hotel  
900 Canada Place Way, Vancouver, British Columbia V3C 3L5

**ITS Canada** and the **Canadian Urban Transit Association (CUTA)** present this one-day workshop that will cover the application of Intelligent Transportation Systems (ITS) in transit operations. Within the context of the ITS Architecture for Canada, the various application areas in Public Transport Services (APTS) will be described, including references to recent projects and emerging technologies. Full details are available at:

[www.itscanada.ca/vancouver2005](http://www.itscanada.ca/vancouver2005)
