Currently, as Chief Operating Officer and Vice President of Econolite Canada, a privately held, International provider of ITS solutions, Charles oversees the operations of the Canadian subsidiary. Charles is also a member of the Leadership Team of Econolite, located in Anaheim, California. Econolite is the leader in one-stop-shop traffic management solutions. From policy, system planning and design to system and sensor products, integration, implementation, operation, maintenance and support, as well as consulting services for connected and automated vehicles.

Based at Econolite Canada's headquarters in Markham, Ontario, Mr. Toth joined the organization in 2001 as Chief Financial Officer before moving to his current role of Chief Operating Officer in 2006. He is responsible for leading all aspects of the company and overseeing the day-to-day administration and operations of the business. Prior to Econolite Canada, Mr. Toth held various senior executive positions in the Tier 1 and Tier 2 Automotive industry.

Mr. Toth holds a Bachelor of Commerce, Accounting degree from Concordia University, Montreal, Quebec and a Certified Management Accountant (CMA) designation. In addition, he has completed a School of Business program from Queen's University.

A previous board member of ITS Canada and volunteer in multiple committees, Charles' financial background, private sector and non-profit experience will provide the skills needed for an active and engaged board member.
