CALL FOR ABSTRACTS

2016 ITS Canada Annual Conference & Exhibition
Calgary, May 1-4

“Next Generation ITS: Connectivity, Proximity, and Mobility”

We encourage you to align your submissions with our theme by considering;

- all modes, from bicycles through car sharing to non-traditional paid mobility services
- all aspects of ITS, from security to funding, and standards
- all settings, from urban to rural

We welcome abstracts focusing on the following areas:

1. Connected & Autonomous Vehicles
2. Freight & Logistics
3. Transit & Beyond
4. Mobility as a Service (MaaS)
5. Advancing Transportation Safety
6. Big Data & Analytics

Important Deadlines – update!

General information

Calgary is proud to host the 2016 conference, and we're excited to showcase the innovative systems and technologies from Alberta. From state of the art emergency operations, to automated lane reversal systems, Calgary has worked hard to remain on the leading edge of intelligent transportation systems. The technical tours will explore the incredible and sometimes controversial projects from Calgary, while the conference will showcase a brilliant array of projects, vendors, and speakers from across Canada and other countries.

Conference & Exhibition Venue:

Coast Plaza Hotel & Conference Center – Calgary
1316 33 St. NE
Calgary, Alberta **T2A 6B6**

EXHIBITION – **SOLD OUT!**
