

Charles Toth
Chief Operating Officer
Econolite Canada – Part of Umovity

Solutions that shape Mobility for Humanity

Charles serves as the Chief Operating Officer and Vice President of Econolite Canada, a division of Umovity, a global technology leader for the mobility world. In this role, he oversees all operational aspects of the Canadian entity. He is also an integral member of The Econolite Group's Leadership Team, based in Anaheim, California. Beyond his role at Econolite – part of Umovity, Charles is deeply engaged with ITS Canada, currently holding the position of Vice-Chair of the ITS Strategic Planning Committee and has previously served as a board member.

Umovity serves as the unified brand for Econolite and PTV's mobility products and services. Econolite develops, manufactures, and implements hardware and software products and services, and PTV Group develops and provides software products as well as data and consulting. Umovity stands for innovative and cost-effective technologies aligned with the needs of traffic and mobility planning and operating management agencies worldwide. Umovity solutions empower decision makers and users in agencies, cities, organizations, industries, and academics to shape a smarter, safer, and more sustainable future through improved mobility. From hardware to software, and services including traffic planning, simulation, and optimization as well as maintenance of Smart Mobility systems, Umovity – through Econolite and PTV Group – serves as the One-Stop-Shop leader for smart and sustainable mobility solutions. Core products and services include traffic Cabinets, and Controllers, Sensors, Systems, and Software, as well as Data and Consulting.

Based at Econolite Canada's headquarters in Markham, Ontario, Charles joined the organization in 2001 as Chief Financial Officer before moving to his current role of Chief Operating Officer in 2006. He is responsible for leading all aspects of the company and overseeing the day-to-day operations and administration of the business. Prior to Econolite Canada, Charles held various senior executive positions in the Tier 1 and Tier 2 Automotive industry.

Charles holds a Bachelor of Commerce, Accounting degree and a Certified Management Accountant (CMA) designation.
